

Dus Bahaane

Someone say something

Hey now, hey now, everybody put your hands up in the air now

Hey now, hey now, everybody put your hands right up and say

uski aankhon mein baatein, baaton mein jadoo

There are words in her eyes, and there is magic in the words.

Say hey now, hey now, say hey now hey now

uski aankhon mein baatein, baaton mein jadoo

There are words in her eyes, and there is magic in the words.

jadoo mein kho gaye hum hogaye beqaabu

I got lost in the magic, and I'm out of control.

i looked at you, you looked at me

aur hogayi mushkil

And the trouble began.

and you became my destiny

tuhi meri manzil

you are my only purpose.

dus bahane karke legaye dil legaye dil

Having given me ten excuses, she took my heart, took my heart

dus bahane karke legaye dil

Having given me ten excuses, she took my heart

dus bahane karke legaye dil legaye dil

Having given me ten excuses, she took my heart, took my heart

dus bahane karke legaye dil

Having given me ten excuses, she took my heart
