

(dekho dekho hai shaam badi deewani

Look, look, the night is brimming with madness

dheere dhire ban jaye na koi kahani) x2

Slowly, slowly stories are created

dilbar hai dilkash hai dildaar nazaren hain

Everything is beautiful and lovely

aaj zameen par uthre kitne sitare hai

Today how many stars have descended to the earth

aklo hosh nami danam, hum hai dil hai aur janam

No one has any wits about them, just us- our hearts and our lovers

bas deewangi deewangi deewangi hai

Total craziness, craziness, craziness

na koi rehsang na rehbar, yeh ilzaam lage kisper

There's no guide or leader, no one can be accused of that

bas deewangi deewangi deewangi hai

Just total craziness, craziness craziness.
